

ALUMINIUM SLIDING TRACK

04/11/2021

APPLICATION

The Slider's precision made components and exclusive features make it the ideal sliding system for Display Cabinets, Cocktail Cabinets, Cupboards, and Interior Reception Windows. Single, double or triple slides can be arranged to suit the various requirements.

DOUBLE GLAZING

The track is suitable for double glazing twin window system.

COLOUR

Anodised silver.

STANDARD SET

List of Components:

- Top Guide
- Glass Rails
- End Caps
- Rollers

Top Guide is pre-drilled and countersunk for easy fixing.

Glass Rail with clip on End Caps and quiet, easy action Nylon Rollers.

- Bottom Track

Bottom Track double or single to suit. Pre-drilled.

- Mohair Strips
- Screws
- Glazing Gaskets

LOCKING

Sliding Track Lock is interchangeable from left to right hand. Available in satin finish only. Not suitable as a handle in high use situations, Glasscorp recommends a Finger Pull or Plunger Lock. Plunger Lock can be used in the centre glass as a handle.
