APPLICATIONS

Maintenance / Logistics & Warehousing /
Building & Construction / Glass Handling /
Sheet Metal Handling

Kevlar is a registered trademark of
E.I. du Pont de Nemours and Company

DESCRIPTION

PowerGrab® Katana is a combination of Steel core with wrapped Kevlar® fiber and PowerGrab® technology, promising the outstanding cut resistance and excellent grip performance. Just like other PowerGrab® series, the thumb of PowerGrab Katana® is fully coated for protecting the vulnerable area. Unique rough and crinkle finish coating provides confidence in grip performance.

FEATURES

Leaching

Proteins, chemical substances, and odor are leached from PowerGrab® series to minimize allergic reactions.

Cut Resistance

PowerGrab Katana® MF together with Steel core Kevlar® offers the highest cut resistant protection available in EN388 standard.

Safety

Extra coating of thumb area assures the most important aspect, safety.

Grip Performance

Revolutionary MicroFinish® promises outstanding wet and dry handling.

Comfort

A 10-gauge seamless liner and ergonomic design assure a maximum comfort and minimum hand fatigue.

GLOVE SERIES

No.311 PowerGrab® Katana MF
